INFRASTRUCTURE AND LEARNING RESOURCES

4.3

IT Infrastructure

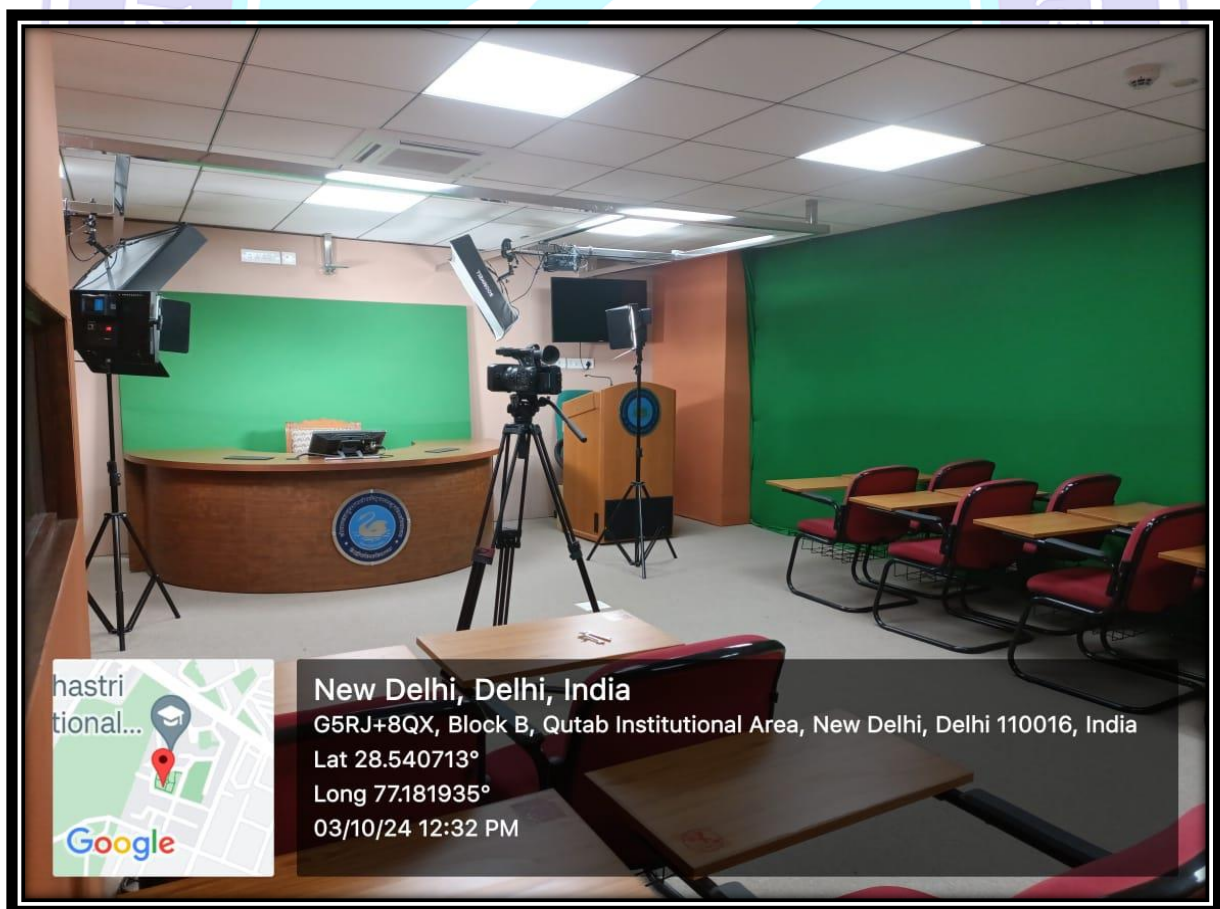

4.3.4

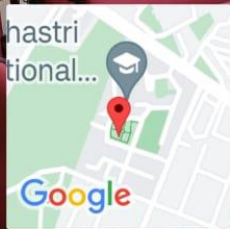

Media centre, Recording facility, Lecture Capturing System (LCS), Facilities for e-content development, and uploading the corpus (database) of Sanskrit texts on the website.

4.3.4

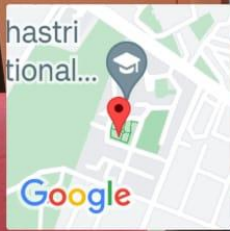

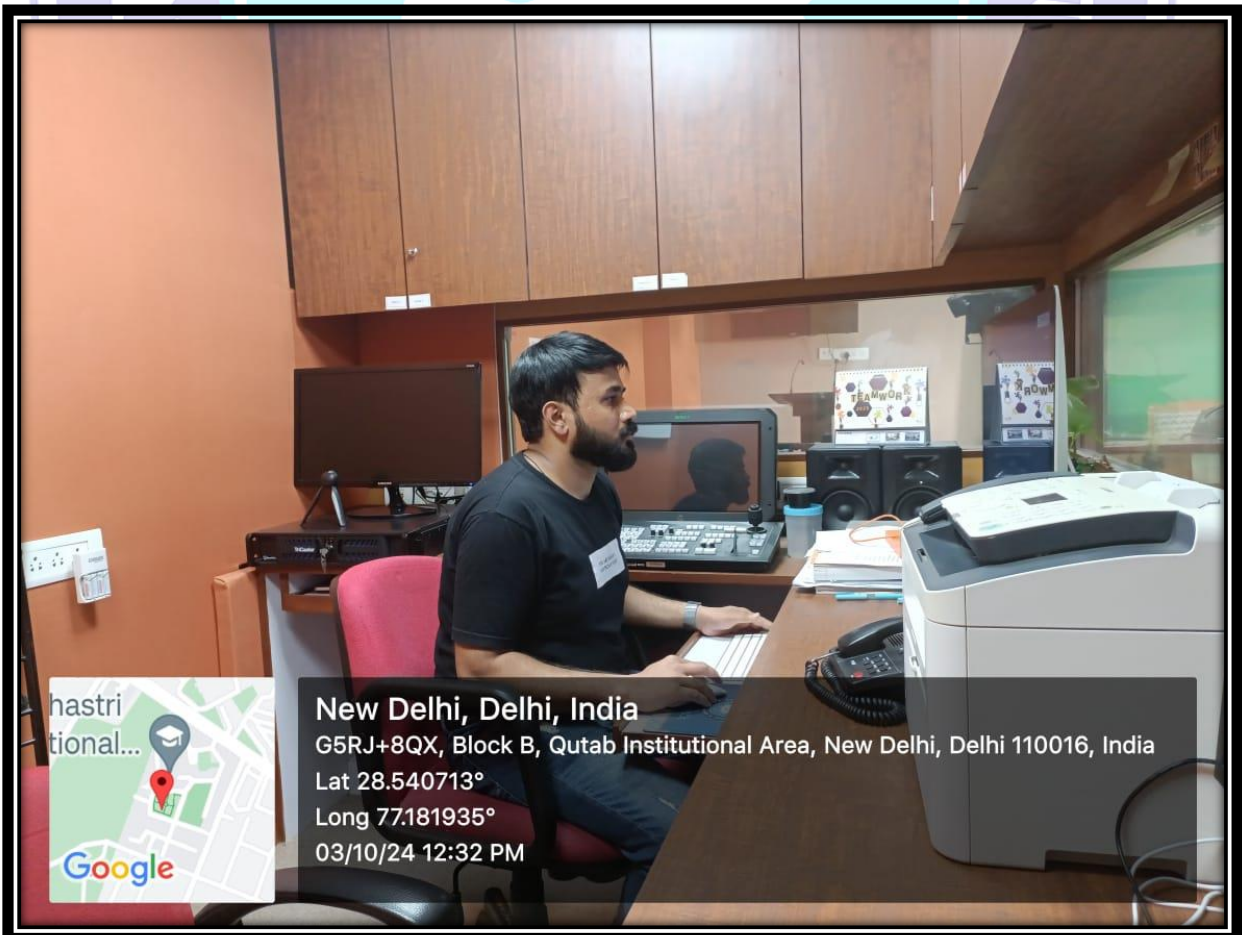

Media centre, Recording facility, Lecture Capturing System (LCS), Facilities for e-content development

Our university's Virtual e-Class Room studio serves as a dynamic media centre equipped with cutting-edge technology to support various educational needs. It features a comprehensive recording facility and a Lecture Capturing System (LCS) that allows instructors to create high-quality video lectures and capture classroom interactions for later use. This innovative space also provides resources for e-content development, enabling faculty to design engaging and interactive learning materials that enhance the educational experience. By integrating these advanced tools, the studio not only facilitates effective teaching and learning but also promotes a versatile and adaptable approach to education in today's digital landscape.
